Student Registration in MathXL®

Step 2: Under Register Now, select Student.

You will need 3 things to get started:
1) Your school email address
2) Your instructor’s Course ID
3) An access code, PayPal, or Credit Card

Once you have these 3 things readily available, click Ok! Register now.

Step 3: Do you have an Access Code?

- Select No, I need to buy access if you do not have an access code.
  - On the next screen, decide if you want to purchase 6, 12, or 24-month access, then click Next and proceed to Step 4 below.

- Select Yes, I have an access code if you were provided a code by your instructor or if you purchased a MathXL Student Access Kit in the bookstore or online, then click Next.

Step 4: Do you have a Pearson Education Account?

- Select Yes if you have used MathXL for a previous course or if you have ever used a Pearson MyLab or Mastering product. After selecting Yes, you will be prompted to enter your existing username and password.

- Select No if this is your first time using MathXL or any Pearson MyLab or Mastering product. Create a Login Name and Password for your new Pearson account, then click Next.

  - Note: Select No if you have a Pearson Account for one of these products: Dash, Mobile eText for School, Pearson Realize, Pearson SuccessNet, or SuccessNet Plus.

  - Note: If you need to take two MathXL courses simultaneously, you will need a separate account for each course.

  ★ If you chose “Yes, I have an access code” in Step 3, you will also be asked to enter the Access Code on this screen. Then click Next.
Student Registration in MathXL®

Step 5: Enter or verify your Account Information.

New Accounts
- Enter your First Name and Last Name.
- Use your school Email Address (or an email account specified by your instructor).
- Choose your School Country. After entering your School Zip Code, a list of schools will appear. If you don’t see your school, scroll to the bottom and select OTHER, then manually enter your school information.
- Click Next.

Returning Accounts
- Confirm or modify the account information presented to you.
- Click Next.

Step 6: This step only applies if you chose No, I need to buy access in Step 3. You will now be prompted to enter your Billing and Credit Card or PayPal information to pay for access to MathXL.

Step 7: On the Confirmation and Summary screen, click Log In Now to log into your MathXL account and enroll in a course.

Step 8: You will need a Course ID provided by your instructor to complete this step.

1) Choose the first option to enroll in your instructor’s course.
2) Enter your Course ID. Confirm that the course information is correct and click Enroll.
3) You will see a confirmation of your course enrollment. Click OK to start working in your course.

Step 9: In the future, visit http://www.mathxl.com/ to log in and work in your MathXL Course.
