Get started

You'll first need to create your Pearson course. Pearson offers course integration with several Learning Management Systems (LMS). To integrate, create your Pearson course from within your LMS course. Use these guides below to access your product and create your Pearson course.

Note: Pearson direct integration, Pearson partner integration, and Pearson Seamless have unique integration guides. For those guides, contact Pearson Customer Success at customersuccess@pearson.com.

Enter your Pearson eText™

Select Open the book from your course dashboard.

Share notes with students

Pearson eText allows you and your students to add highlighting and notes in the course text. Once shared, instructor notes will be visible to students enrolled in your Pearson eText course section. Watch the video: Create and Share Notes

Schedule Readings

1. Select Readings if not already shown and select Add due date.
2. Choose the date you wish to schedule the reading and select **Schedule**.

Select Show or Hide items to see all sections included in a scheduled reading.
Student activity

Select **Students** to see data including total reading time, time on task, and percent of students adding highlighting and notes in the text.
