Pearson Faculty Advisors share best practices for the creation and implementation of a fully online course. Learn more >

Just-In-Time Trainings
These trainings offer a peer-led dive into how to teach with your Pearson technology solution. These on-demand webinars cover specific topics and are led by Faculty Advisors: fellow higher education instructors and Pearson technology super users.
Distance Learning: Transitioning to Online Teaching with NCCERconnect

In this training a Pearson Faculty Advisor shares best practices for the creation and implementation of a fully online course. The training will discuss topics around teaching online, including accessibility, assignment creation and settings, schedule development and course pacing, and grade book organization and reporting.

*After you complete the training, please fill out this brief survey.* If you have a question not addressed in the training, send it to CustomerSuccess@pearson.com.

---

Getting Started, Assign, Enroll: NCCERconnect **without** a Learning Management System (LMS)

This training is intended for instructors new to using NCCERconnect. You’ll be guided through creating or copying a new course, menu contents, creating assignments, and using the gradebook.

*After you complete the training, please fill out this brief survey.* If you have a question not addressed in the training, send it to CustomerSuccess@pearson.com.
Assess, Evaluate, Renew:  
NCCERconnect without a Learning Management System (LMS)

This training focuses on best practices and recommendations for the grade book and how to measure results and analyze student success. This training will also provide an overview of new features now available in NCCERconnect.

After you complete the training, please fill out this brief survey. If you have a question not addressed in the training, send it to CustomerSuccess@pearson.com.
