Get started (search NCCER from the catalog)

You'll need to first access the guides below to get started. They'll walk you through registering for a Pearson account, creating your course, and integrating with your Learning Management System (LMS) if you're using one.

Note: Pearson direct integration, Pearson partner integration, and Pearson Seamless have unique integration guides. For those guides, contact Pearson Customer Success at customersuccess@pearson.com.

How will you use NCCERconnect?

To help you use NCCERconnect, we've highlighted common implementation processes. Feel free to choose the right first step for your program.

**Use pre-built quizzes (optional)**

Practice Module End Review Quizzes have been created for your use. These quizzes are not immediately available to the students. If you would like your students to complete these quizzes, you will need to “assign” them to make them available. Learn how to use pre-built quizzes.

**Use prerequisites for quizzes (optional)**

You may require a pre-requisite for the practice Module End Review Quiz. Use this process to require that students complete the Concept Check homework assignment prior to taking the Module End Review Quiz. Learn how to use prerequisites for quizzes.

**Assign reading but omit it from the gradebook (optional)**

A link to the eText is included as part of the homework for every Module. The reading homework carries a value of 10 points and is a completion grade. By opening the assignment, the student receives full credit, regardless of time spent. If you’d like to allow for students to read the eText without counting it towards their grade, choose this process to omit the reading assignment from the gradebook. Learn how to assign reading but omit it from the gradebook.
Use pre-built quizzes

Quizzes by default are not assigned to students.
