4. If you purchased MyLab with eText, you can access Learning Catalytics right away from your MyLab course. If you purchased MyLab without eText, you are prompted to purchase access to Learning Catalytics. Be sure to associate your purchase with the SAME username and password you use for your MyLab course. After you select your purchase option, select **Yes** and enter your MyLab login information.

Important Tips

- **Do not** go to learningcatalytics.com and create a separate Learning Catalytics account.
- Make sure to cross over from Mastering to Learning Catalytics to confirm or purchase access **before** your professor delivers the first session in class. If you wait until you are prompted to join a session and you don’t have access, you are prompted to purchase access when you try to join.
